

MT SEPA-INBRE Summer Undergraduate Research Application

5 Week Program: Students receive a stipend of \$3,000. This can be 5 full-time weeks or 10 half-time weeks. Program dates are flexible but must occur between mid-May and mid-August. Students who will be freshmen college students in Fall 2023 are eligible for this program. **Deadline: March 30th**

10 Week Program: Students receive a stipend of \$6,000. Program dates are flexible but must occur between mid-May and mid-August. Students must be currently enrolled at university to be eligible for this program. **Deadline March 1st.**

Travel and accommodations are to be paid by the student. Montana INBRE will arrange for dormitory accommodations as an option for students upon request, but students are responsible for covering those costs from the stipend.

Late applications may be considered if funding is available after applications that were submitted by the above deadlines have been reviewed. If you have concerns about meeting a deadline, please contact the Montana INBRE office.

In accordance with MSU policy, hiring will be conditional upon successful completion of a pre-employment background check. Implementation of this program is contingent upon continued funding of the MT INBRE grant.

To be considered for this program you must:

- Participated in classroom phage discovery research as part of Montana Tech's BRIC or PHAGES programs.
- Be enrolled as a freshmen, sophomore, junior, or senior in good academic standing during summer term (> 6 credits) or upcoming fall semester (minimum 12 credits)
- Be a US Citizen or authorized to work in the United States

Note: To apply for summer research at Montana Tech, please visit Cfwep.org/phages

How to apply:

The following application materials are required:

- Application Form completed, dated and signed
- Two letters of (2) recommendation: At least one must be from a current or former professor (or teacher if you are still in high school). The second may be from a current or former professor or from a former employer or a high school teacher. If you have been involved in research previously then you must obtain a reference from your previous research mentor. Your application will not be screened until these are received. These may be emailed separately or included with your mailed application.
- One copy of transcripts for all post-secondary grades completed to date. An unofficial transcript, obtained from your school's website or registrar, is acceptable.

Send (mail or e-mail) complete application packages to:

Cori Huttinga chuttinga@montana.edu
